### Turn Your Smartphone, Portable Media Player or Computer into a Life Force Energy Transmitter

#### Audio Chi

##### NO HEADPHONES REQUIRED

The third NeuroFlow download/CD to be released is **Audio Chi - A Digital Transmission of Life Force Energy**. This invigorating recording:

- Incorporates protocols discovered in medical research in Taiwan to generate a strong feeling of Chi in just a few minutes (in experienced qigong practitioners)
- Features 60 minutes of soothing mountain stream sounds
- Emits the energy field of a QiGong master
- Contains the energetic signature of Chi, recorded and amplified millions of times using advanced equipment and software
- Can be experienced as audio acupuncture, as it gently but noticeably energizes the meridian system to significantly help loosen and release "stuck" qi
- Facilitates deeply vitalizing sessions of moving meditation and exercise: Qigong, Tai Chi, yoga, running, and any physical exercise
- Is useful for meditation
- Can be used to deepen any emotional relief practice: Sedona Method, EFT, Release Technique, Ho'oponopono, EMDR, etc.
- Uses a unique and unpredictable brainwave entrainment algorithm in the range in which the body's cells communicate to one another
- Uses infrasonic sound and random signals designed to break up abnormal cellular communication
- Features the brainwave patterns of calm clarity, effortless focus and FLOW
- Uses what we believe to be the most advanced and effective neural entrainment technology available

## The Technology

The technology contained in this new release is so powerful that we believe your mood will be shifted **in just the first 20 minutes**.

Because of our unique and powerful biofield entrainment technology embedded in the Audio Chi program, you will experience far more than just a relaxing brainwave pattern (which is what most conventional brain entrainment programs offer), **you'll feel a subtle energetic field enveloping your entire body**, often experienced as **a refreshing cool breeze or tingling warmth** against the surface of the skin.

### Neural Entrainment Technology

Audio Chi features a number of unique neural entrainment methodologies, including:

- Dual-Pulse Harmonic Box X Signals (Exclusive to iAwake)
- Rhythmic Panning
- Isochronic Entrainment
- Random Alpha Signals
- Infrasonic Modulation

### Biofield Entrainment Technology

Audio Chi also features a unique biofield entrainment technology infused with energetic frequencies associated with:

- the healing energy field of a QiGong master
- live chi
- orgone energy
- the resonant field of all the major chakras
- white light healing experiences

When played, Audio Chi emits an energetic field that influences your biofield to induce tangible states of bliss and peace.

## Three Ways To Enjoy Audio Chi:

1. **Play Audio Chi at a comfortable volume through loudspeakers in the background:** Your whole environment will be infused with the subtle energetic frequencies of profound relaxation.
2. **Listen to Audio Chi with headphones:** Because of the unique entrainment signals embedded in this program, listening to it with headphones as a meditation will penetrate deeply into your experience of stress, leaving a sense of relief that will last long into the day.
3. **Play Audio Chi silently WITH NO VOLUME:** Yes, that's right! You might find yourself in a situation when you'd like to enjoy the peaceful emanations of Audio Chi, but it's inappropriate to be wearing ear buds or listening to music. No Problem! Simply place Audio Chi on "repeat" on your MP3 player, then turn the volume down to zero and don't worry about using your ear buds at all. Due to the powerful biofield (subtle energetic) entrainment technology contained in Audio Chi, *it will emanate a deeply relaxing energy field even at zero volume!* Some people are more able to consciously detect this energy field than others, but your body and biofield will still register and benefit from it nonetheless.

## Play Audio Chi at low volume or silently all day long: The more you play it, the more deeply invigorated you will feel.

### General Listening Instructions

- ✓ Listen any time you want an influx of invigorating life force energy. Perfect for use during:
  - Exercise
  - Study
  - Tai Chi Practice
  - QiGong Practice
  - Yoga
  - Massage
  - Any time when you want to feel good
- ✓ Because of its innervating effect, Audio Chi is not recommended for use near bedtime. If used just before bedtime, you'll feel great, but you may not be able to go to sleep right way.

**NOTE:** You will notice some of the most tangible effects of this technology AFTER listening to the meditations, as you enjoy the rest of your day. The energetic frequencies emitted through this presentation will continue to interact with your biofield throughout the day.

## Targeted Flow-States

This energizing download/CD can be used to . . .

- Create invigorating energy fields in any environment
- Boost your energy and enthusiasm
- Recharge your mind and body during lunch or after work
- Significantly activate and deepen your qigong, Tai Chi or yoga practice
- Help instill whole-body bliss during meditation and exercise
- Complement your work with Profound Meditation Program by enjoying the **stress-relieving, rejuvenative states of consciousness** facilitated with this CD
- Complement your emotional release practices
- Experience an exhilarating natural high
- Balance the chakras deeply and easily
- Re-establish and renew inner harmony

### File Information For Optimal Entrainment Results

#### NOTE:

- The CD-version features high quality WAV files.
- The download-version contains higher quality (320 kbps) MP3 files which use less compression than typical MP3 files.
- Some versions may also offer AAC audio file format - and you are welcome to convert your audio files to a high quality AAC version.
- We also offer downloadable WAV files for those interested, though it does not retain much of the labeling data and graphics that the high quality uncompressed version carries. We believe, however, that the high quality mp3 files are a very effective audio file format for our technology.

We strongly recommend not converting these tracks to normal MP3 format (anything below 320 kbps) when uploading from CD or burning to CD, because the MP3 compression will filter some of the entrainment power embedded in the CD and download versions. If you wish to burn them to a CD, burning them as WAV files, Apple Lossless files or 320 kbps MP3 files will deliver optimal entrainment results. In iTunes, go to "Edit," then "Preferences," and locate the "When you insert a CD" section on the "General" tab. Push the "Import Settings" button, and another tab will appear. For the "Import Using" section select "Apple Lossless Encoder, WAV or 320 kbps MP3."

### Compatible Players

#### MP3

- *Computer Media Players* – Windows Media Player (free); iTunes (free); SongBird (free at [www.getsongbird.org](http://www.getsongbird.org))
- *MP3 Players* – Any MP3 player.

### IMPORTANT NOTE: Drink Water

Be sure to drink at least one glass of water before your sessions and one glass of water afterward. Brainwave entrainment increases blood flow to the brain, and drinking plenty of water helps your brain rid itself of waste by-products.

## Important Notes on Audio Chi's Biofield Technology

- **THE POWER OF INTENTION:** Because of the informational and energetic properties of this technology, it is especially powerful when used with conscious intention. The emotional release methods offered in this manual are but a few examples of how anyone can consciously interact with this technology to initiate purposeful change.
- **LASTING EFFECTS:** Although you will feel the effects of this technology while listening to Audio Chi, especially when listened to for 30 minutes or more at a time, the effects will last for quite some time throughout the day.
- **SATURATE YOUR BIOFIELD WITH INVIGORATING ENERGY:** The energetic signatures contained in this program have been amplified millions of times, making them quite potent. The more you listen, the more densely these invigorating energies will saturate your biofield for lasting change. You'll carry this feeling into your day.
- **ZERO VOLUME:** These calming energies can also be enjoyed by playing Audio Chi at zero volume. Simply place Audio Chi on repeat and turn the volume down. For the digital version, this can be done by placing it into a playlist by itself on your media player or MP3 player, then setting it to play on repeat. No headphones or speakers are needed. The advanced technology embedded in Audio Chi will emit a powerful energetic field that will interact with your biofield.
- **SENSING THE ENERGY:** Although some people are sensitive enough to go into light samadhi/trance states while playing this energetic field silently as they work, most people will sense them most deeply during eyes-closed meditation and relaxation.
- **DEEPEN YOUR MEDITATIONS:** To enhance your meditations, play Audio Chi silently an hour before and/or during your normal meditation practice. If you meditate in the evenings, play the biofield technology silently throughout the day, which will saturate your biofield with this energy for noticeably deeper and more absorptive meditation.
- **OPTIMAL RECEPTIVITY:** When playing the biofield technology silently, you can experience optimal results by placing the MP3 player on the non-dominant side of your body (e.g., the left side if you are right-handed) by placing it in a pocket. The non-dominant side of the body tends to be more receptive to energy.
- **AVOIDING OVERWHELM:** Even though the biofield energies embedded in Audio Chi are calming by nature, they can still have an overwhelming effect on the nervous system if it absorbs more energy than it can handle at one time. Start by playing the biofield energy an hour or two a day and see how you feel. If you notice that you seem to be on edge, this is just your nervous system letting you know that it needs a break. Any overwhelm experienced through excess exposure to this technology is only temporary and never serious or permanent. Simply cut back on your exposure time.

- **EVOLVE YOUR NERVOUS SYSTEM:** Your nervous system will develop a capacity to absorb more and more energy without overwhelm, ***resulting in subtle changes at first. However, eventually, quite dramatic changes in emotional intelligence, self-identity and conscious evolution are possible when combined with your intention and inner work.***

## Targeted Brainwave State

# Deep Emotional Release Made Simple

## EFFORTLESS EFT

iAwake biofield technology supports and amplifies the use of EFT and similar technologies, which are incredibly simple and profound.

- ❖ No need to tap multiple acupoint sites (or any at all)
- ❖ No need to remember or improvise any words or phrases
- ❖ No need to repeat the process multiple times with limited success

### **Method 1 – For use when playing Audio Chi (and other NeuroFlow CDs) on an MP3 player or Phone.**

- Simply hold the playing device (whether an MP3 player, iPhone) *in your left hand* (the yin/receptive side of your body).
- Locate the distressed feeling in your body. (It often appears as a tangible contraction in the gut, solar plexus or heart area.)
- Allow your consciousness to remain focused on the feeling until it dissipates.
- To speed up and deepen the process, use your intention and imagination to saturate the deepest root of the feeling (i.e., the emotional issue) with the biofield energy until the contraction dissipates. (See the Modes of Imagination section.)
- Or simply go about your tapping practice as usual, except you will now hold the playing device in your left hand instead of tapping any acupoints. (Don't worry! The powerful pulses of energy in these programs will enter your acupuncture meridians and penetrate energetic blocks very fast.)

### **Method 2 – For use when playing Audio Chi (and other NeuroFlow CDs) on a CD player or mac/pc media player.**

- **Computer Media Player:** Place four fingers of your left hand on the screen or speaker. **CD Player:** Place four fingers of your left hand on the CD player itself or on any speaker attached to the CD player.
- Locate the distressed feeling in your body.
- Allow your consciousness to remain focused on the feeling until it dissipates.
- To speed up the process, use your intention and imagination to "run" the biofield energy (kind of like a directed laser beam) through the deepest root of the feeling until it dissipates.
- Or simply go about your tapping practice as usual, except you will now hold the playing device in your left hand instead of tapping any acupoints.

## Significantly Improve Any Emotional Processing Technology

iAwake Technologies' biofield tech can be used to speed up and deepen the results of virtually *any* releasing technique, including the Sedona Method, Release Technique, Emotional Cleansing, EFT, Faster EFT, Thought Field Therapy, Ho'oponopono, Shadow 321 Process, Focusing, EMDR, etc.

## Modes of Imagination and the Power of Intention

As the basic instructions for Effortless EFT mention, EFT and virtually any other emotional releasing process can be significantly sped up and deepened simply by first sensing where the feeling of the emotional contraction is in your body, then lightly focusing on that feeling while also *using your imagination to saturate the root of that feeling with the biofield energy until the feeling dissipates and opens into a tangible sense of relief.*

You may be saying, "That sounds great, but I'm not good at visualizing at all." Don't worry; that's not a problem. When I use the terms "imagination" or "visualize," I don't necessarily mean that you have to hold a perfect or even partial visual image for this to be effective.

Whether you realize it or not, you use your imagination every day, though not necessarily with visual images. If I were to ask you your opinion of someone who annoys you, for example, your answer would very likely carry a certain emotional quality to it. And that emotional quality is evoked because of internal sensory images/memories (e.g., feeling qualities, visual images, smells, or possibly even audio sounds) that emerge in response to the name of that person. Our imaginations evoke these kinds of sensory (though not necessarily visual) images every day.

**Powerful Solvent:** We're essentially using this biofield energy—combined with intention and commitment—as a potent *solvent* to dissolve every impediment to spiritual growth and service: dysfunctional emotions, beliefs, addictions, compulsions, obsessive thoughts, opinions, doubts, fears, self-limitations, etc.

**Intention:** When it comes to using iAwake's biofield tech for releasing attachments and aversions, the most important catalyst is your *intention* to use this energy to release anything and everything that impedes your happiness, growth and service. If you simply *intend* to use this powerful energy for that purpose, *your own intuition and creativity will guide you to use the biofield energy in the best way for you.* You can learn to trust your own spirit to guide you. This powerful biofield energy will respond to your intention and help you connect with your own innate wisdom much more easily.

**Welcome:** Regardless of what you desire to release, you'll let it go most easily when you can openly and sincerely welcome it into your awareness without any judgment. *Feel* your feelings fully, without attachment or self-identification.

**Visual Mode:** If you tend to imagine in visual mode, simply visualize the biofield energy as a healing white light. You can “run” the energy through the root of the emotional contraction (i.e., the feeling in your body), or otherwise saturate the root of that contraction with this powerful but gentle energy, until the contraction completely dissolves.

**Kinesthetic Mode:** If you tend to visualize in the kinesthetic mode, you can place your hand on the place in your body where you feel the contraction. Now simply intend to bathe that feeling with this healing but powerful biofield energy, and just imagine the feeling being dissolved. The biofield energy will respond to your intention.

**Auditory Mode:** If you tend to imagine in auditory mode, you will want to try and keep your inner conversation to a minimum. The kind of releasing taught in this manual is more about gentle and open awareness than intellectual thinking and self-talk. However, using various questions to gently trigger release can be very helpful. Such questions might include: “Could I allow myself to change this feeling into love?” “Could I let this go?” “Could I allow myself to feel this feeling right down to its deepest roots?” Then simply intend to saturate these root feelings with the healing biofield energy, and allow yourself to imagine the feeling being dissolved. Don’t worry if you can’t see it visually. Just intend it and trust, then notice when the feeling dissipates.

### The Biofield Energy Will “Stick” with You

After sitting in headphones meditation with Audio Chi for a full hour or more, you will notice that the biofield energy “sticks” with you for most of the day. This is because the powerful biofield technology saturates your biofield and body, continuing to resonate at a subtle but tangible level throughout the day. This means that you can continue to use the biofield energy with your intention and imagination to dissolve any emotional discomfort, resistance, attachment or aversion.

The key to spiritual and personal growth is to let go of everything you are *not*, and everything that you truly *are* will naturally shine forth on its own. iAwake’s unique biofield tech makes letting go easier than ever by not only cutting through the emotional “thickness” that often obscures such issues, but also by increasing your *life force flow*, which can feel invigorating yet relaxing, and even blissful. This increased flow allows you to connect with your deeper awareness more easily and feel more comfortable (and even empowered) to look at the normally uncomfortable and often repressed feelings that kept you stuck in modes of limitation.

With just a little practice, the Effortless EFT™ method becomes, well, almost effortless. Whenever you notice anything that isn’t peace, joy or happiness, just become aware of the contraction in your body and run the biofield energy through it. In a relatively short time, you’ll be releasing lightning fast with very little effort. All it takes is your intention and commitment.

### How the Biofield Tech Works to Improve Emotional Release

The biofield energy will send energetic pulses through key acupuncture meridians to help quickly release the blocks that keep the issue in place.

While the precise mechanisms are not fully understood, the evidence suggests that these pulses of healing energy travel through acupuncture meridians to interrupt and dissolve the habitual neurological pathways that mediate the dysfunctional emotional pattern being addressed.

The combination of your intention and the healing biofield technology significantly speeds up and deepens any tapping/meridian technology.

### Our Biofield Method

We use digitally captured energy frequencies—recorded with advanced subtle energy technology and computer software—from numerous substances and states of consciousness, which we then amplify thousands of times using a proprietary process. We use only energy fields that have been thoroughly tested, using advanced methods in radiesthesia. We use only energetic signatures shown to impart profound physical, emotional and spiritual benefits. When played, these audio files emit an energetic field that influences the human biofield to induce tangible states of bliss and peace.
